

Currently, the DOE labels are required to follow Federal, State and local environmental regulations. The bill does not change this. However, DOE currently uses an intricate and cumbersome internal system of regulation to meet these requirements. The bill requires termination of this practice, known as "self-regulation." Instead, the Labs will follow such requirements directly, as any business would do. This will eliminate a large bureaucratic layer of the DOE, and should result in downsizing of a sector of the DOE Washington headquarters.

The bill also contains requirements that the Secretary report on the progress of implementing this legislation to Congress. I have stated before that we need to downsize Government with a scalpel and not a hatchet, and I believe this bill represents the right approach.

IN HONOR OF FRED STANKIEWICZ
AND MAURO ANDREULA IN RECOGNITION
OF THEIR VALOR
AWARDS

HON. ROBERT MENENDEZ

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Friday, April 7, 1995

Mr. MENENDEZ. Mr. Speaker, I stand here today to honor two brave firefighters, Mr. Fred Stankiewicz and Mr. Mauro Andreula. Their relentless efforts and courage helped rescue the lives of three innocent people. They are both being honored at a Valor Award Dinner on April 29, 1995.

On July 2, 1994, the Ladder Company Two of the Hoboken Fire Department responded to a fire alarm on Madison Street in Hoboken. When the firefighters arrived on the scene they were confronted with heavy smoke and fire coming from the first floor of a five story building. It was impossible to enter the building because of the extreme heat and smoke. Therefore, Capt. Fred Meyer ordered firefighters Stankiewicz and Andreula to go to the roof so that the building may be ventilated. While on the roof the two firefighters received a radio transmission from their captain stating that there were people trapped in the upper floors of the building.

Firefighters Stankiewicz and Andreula began their search for the victims on the fifth floor of the building. The conditions of the building were terrible. They had nearly no visibility because of the smoke, and the intense heat radiating from the flames was excruciating. However, they did not give up. Instead, they proceeded forward and crawled on their hands and knees feeling the heat through their gloves and all over their necks and ears.

The firefighters finally located the victims. Two young children, an 8-year-old and a 3-year-old and their mother were found laying on the ground of a smoke-filled room. The two firefighters radioed down to their captain stating they had located the victims and needed assistance. However, manpower was low and the captain was still waiting for assistance. The room was becoming unbearably hot and smokey. Firefighters Stankiewicz and Andreula wasted no time, they immediately picked up the two children and placed them on the fire escape. Firefighter Andreulo went back into the building to rescue the mother. By this time, both firefighters were running out of air. They were extremely tired and firefighter Stankiewicz had been injured. Nevertheless, firefighters Stankiewicz and Andreula, with the help of firefighter James Nardello and Capt. Pat O'Brian, were able to rescue the young children and the mother and carry them to safety.

Firefighters Stankiewicz and Andreula went above and beyond their call of duty. Their bravery and courage is highly commendable. They performed dutifully and exceptionally under an unbearable and life-threatening situation.

I am proud and honored to have such two outstanding men serving the community. Please join me in congratulating Mr. Fred Stankiewicz and Mr. Mauro Andreulo for their heroic actions.

TRIBUTE TO WILLIAM C.
O'MALLEY

HON. JOHN JOSEPH MOAKLEY

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

Thursday, April 6, 1995

Mr. MOAKLEY. Mr. Speaker, I rise today to pay tribute to William C. O'Malley, the district attorney of Plymouth County and a man I am proud to say was my friend. Bill O'Malley passed away suddenly on April 3, but I can assure you that he will not soon be forgotten.

Bill O'Malley served as Plymouth County District Attorney for nearly 17 years and was one of the finest trial attorneys in the country. Over the course of his public career, Bill earned a reputation as a tough prosecutor with an uncompromising commitment to public safety. He is credited with modernizing the Plymouth County District Attorney's office and his technological innovations have served as a model to other offices across the country.

Bill's commitment to justice and sense of fairness made him a natural leader. In the summer of 1993, he was called upon to serve as president of the 8,000-member National District Attorneys Association. In this capacity, he worked very closely with President Clinton, Attorney General Janet Reno and FBI Director Louis Freeh on several important anticrime initiatives. He played an important role in drafting the Violent Crime and Law Enforcement Act of 1994 and later worked on a measure to modernize the laws pertaining to wiretap procedures.

Bill O'Malley was driven by an overriding compassion for people. This compassion made him a staunch advocate for victim's rights, especially women and children. His contributions to the community did not stop in the courtroom. A frequent speaker at local schools, he was a strong supporter of crime prevention programs. Bill also served as a mentor for many young attorneys, readily sharing his wisdom and commitment to public service.

I know Bill O'Malley was devoted most of all to his family—his wife Amy, and his twin sons, Ryan and William. Of his many achievements, his love and commitment to them is his most important and lasting contribution.
